CAREER OBJECTIVE

Final-year BCA student with a strong foundation in programming and a passion for software development. Proficient in Python, Java, and SQL, and eager to apply my skills to real-world challenges while continuing to learn and grow in a professional environment.

EXPERIENCE

Flutter Developer Intern - Progressive Software Solutions *November 2024 - present*

- Currently working as a Flutter Developer Intern at Progressive Infotech, gaining hands-on experience in developing cross-platform mobile apps with Flutter and Dart, focusing on responsive UI/UX, API integration, and app optimization.

Android Developer Intern - Oasis Infobyte *May 2024 - June 2024*

- Built and tested Android applications, focusing on user-friendly interfaces and performance optimization. Collaborated with the team to enhance app functionality and ensure a smooth user experience.
-

PROJECTS

NSync – CAMPUS MANAGEMENT PLATFORM (Ongoing) *November 2024 - Present*

- **Description:** A Flutter-based app to manage campus events, projects, and clubs.
- **Features:** include a College News section, Event Management for faculty, and student club enrollment.
- **Aim:** Focused on enhancing campus engagement with a user-friendly interface.

TECH SHACK - ONLINE E-COMMERCE STORE

Team Leader *June 2024 - October 2024*

- **Description:** Developed an online store for selling gaming PCs, components, and hardware. Designed a responsive user interface, implemented secure payment mockups, and built backend functionality for inventory management and order processing.
 - **Technologies Used:** PHP, MySQL, HTML, CSS, JavaScript, jQuery, Ajax
 - **Skills Developed:** Web development, database management, PHP scripting, teamwork and project management.
-
